NOTES:			
<ol style="list-style-type: none"> These tests will be changed or discontinued by ARUP Laboratories effective August 19, 2019. Due to very low frequency of orders, SBMF will not set up replacement tests at this time. If you should need one of these tests in the future, please contact Client Services to determine available test options. Discontinuation of these tests was announced in the Technical Notice “<i>Syphilis Serology Methodology and Test Menu Changes</i>” that was distributed in May. They are included in this notice to provide cross-reference to replacement test options.
