

Test Change for Insulin-Like Growth Factor (IGF-1)

Notification Date: 15 Oct. 2018

Effective Date: 26 Nov. 2018

Insulin-Like Growth Factor (IGF-1)

Test Code: 30053

Effective November 26, 2018 the IGF-1 test result will include a calculated Z-SCORE. The methodology, specimen collection, and specimen handling will not change. The addition of the calculated Z-score gives the ordering provider more information to assist in interpretation of IGF-1 results. A Z-score is the number of standard deviations a given result is above (positive score) or below (negative score) the age- and gender-adjusted population mean. Results that are within the expected IGF-1 reference interval will have a Z-score between -2.0 and +2.0.
